© EDUCATION

2009 - 2014

B.A.Sc. in Honours Systems Design Engineering University of Waterloo - Waterloo, Canada

Interdisciplinary engineering degree with an integrated co-op program, specializing in interface design and human-computer interaction.

EXPERIENCE

Apple Inc.

May 2013 - Aug 2013

UI Design Intern - Cupertino, CA

Designed concepts, wireframes, high-fidelity mockups, animations, and interactions for multiple internal software tools. Worked closely with a team of engineers, and coded designs using XHTML/CSS/SVG. Presented work to top VPs and design leads.

Human Performance International

Jan 2013 - Apr 2013

Product Designer - Waterloo, ON

Web and mobile product design + front-end development for sports psychology firm. App is shipped, and in the hands of dozens of athletes in the MLB, NHL, NBA, and NFL.

Concussion Toolbox

Dec 2012 - Mar 2013

Mobile Interface Designer - Waterloo, ON

Led a comprehensive redesign of the company's flagship concussion management solution for iPad.

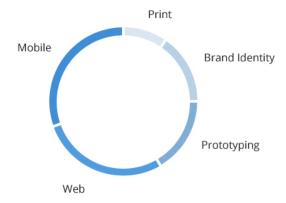

Communitech Apps Factory

Sep 2012 - Dec 2012

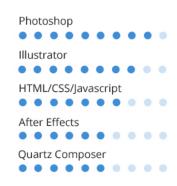

UX Design Intern - Kitchener, ON

Designed wireframes for user-focused mobile apps on iOS, Android, and BB10 devices. Served as main advocate for the user, and liaison between clients and developers.

(7) SKILLS

TOOLS
